

12th and I Street Office Building

Residential and
Commercial
Land Development

Mangano Company purchased the last remaining undeveloped site in downtown Modesto from the City of Modesto and created this 6-story office building, along with an adjacent multi-level parking structure.

The building, now leased by U.S. Bankruptcy Court and Stanislaus County, is a landmark development for downtown Modesto. It provides not only needed professional office space, but parking to allow for further development and growth in the downtown.
