

Renaissance Building

Residential and
Commercial
Land Development

Formerly a Wells Fargo Bank, this building was given the necessary style and eye appeal to attract customers to its new tenants.

To serve Togo's/Baskin Robbins, ordinary sidewalk space was transformed into an inviting outdoor patio area with faux stone concrete treatments, massive conversation height walls, urns and landscaping.

Renaissance Day Spa's sensual interior makes use of soaring columns, dramatic lighting and rich color and textural treatments that appeal to a fashion conscious clientele.

320 W. Main Street • Visalia, California

- Remodel of Wells Fargo bank building
- 8,500 square feet for Renaissance Day Spa
- 3,000 square feet for Togo's/Baskin Robbins
- Updated Mediterranean style exterior
